

Join the Celebration!
PERFECTLY | BALANCED

St George's Weybridge invested in a new Activity Centre on the College Campus and needed to create a versatile catering facility. We engaged with South East Commercial Kitchens to produce a back of house preparation kitchen area, together with a front of house servery in order to be able to accommodate serving a variety of hot and cold foods and beverages. Following a series of one to one meetings with SECK we were able to come up with a design and a layout that suited the environment. South East Commercial Kitchens supplied, delivered and installed the project on time and within budget and we are delighted with the final results.
